

# Involved? Inspired? Imagine...

You serve with purpose - could this lead to more?  
Are you called into ministry?

**22-24 March 2025**

Sponsorship Available

Venue: Newbold College of Higher Education

*\*On campus accommodation provided*

This interactive workshop delves into the world of Adventist Ministry and its purpose in our contemporary world. Where does it sit? How does your role fit within it and can you elevate it? You will be guided through the concept of a calling: what it means to be called and how to identify the 'moment'.

- Explore the Adventist model for ministry, the philosophy behind it, and the journey within it (from education to vocational skills, key roles and more)
- Learn more about what it means to identify a 'calling' through Scripture, conversation, and inspiring case studies
- Imagine the possibilities within your life. Do they resonate with you? Are you ready to explore your gifts and move forward to follow God's call?

"If God has called men to be labourers together with Him, it is equally certain that He has called them to make the best possible preparation rightly to represent the sacred, elevating truths of His word."
